***Please sign and date this page, remove it from the handbook or print, and return it to the student's school."***

## **Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information**

State law requires the district to give you the following information:

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want Clyde High School to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing within ten school days of child's first day of instruction for this school year, September 11, 2009.

This means that the district must give certain personal information (called "directory information") about your child to any person who requests it, unless you have told the district in writing not to do so. In addition, you have the right to tell the district that it may, or may not, use certain personal information about your child for specific school-sponsored purposes. The district is providing you this form so you can communicate your wishes about these issues. [See **Directory Information** on page 10 for more information.]

For the following school-sponsored purposes: yearbook, school sponsored programs, Clyde High School has designated the following information as directory information:

- student name,
- address,
- telephone listing,
- electronic mail address,
- photograph,
- date and place of birth,
- as well as major field of study; degrees, honors, and awards received;
- dates of attendance;
- grade level;
- most recent educational institution attended;
- participation in officially recognized activities and sports;
- weight and height of members of athletic teams.

Directory information identified only for limited school-sponsored purposes remains otherwise confidential and will not be released to the public without the consent of the parent or eligible student.

**Parent: Please circle one of the choices below:**

I, parent of \_\_\_\_\_ (student's name),

- **do give**
  
- **do not give**

the district permission to use the information in the above list for the specified school-sponsored purposes.

For all other purposes: Clyde High School has designated the following information as directory information:

- student name,
- address,
- telephone listing,
- electronic mail address,
- photograph,
- date and place of birth,
- as well as major field of study; degrees, honors, and awards received;
- dates of attendance;
- grade level;
- most recent educational institution attended;
- participation in officially recognized activities and sports;
- weight and height of members of athletic teams.

Directory information identified only for limited school-sponsored purposes remains otherwise confidential and will not be released to the public without the consent of the parent or eligible student.

**Parent: Please circle one of the choices below:**

I, parent of \_\_\_\_\_ (student's name),

- **do give**
- **do not give**

the district permission to release the information in this list in response to a request.

**Parent's Response Regarding Release of Student Information to  
Military Recruiters and Institutions of Higher Education**

Federal law requires that the district release to military recruiters and institutions of higher education, upon request, the name, address, and phone number of secondary school students enrolled in the district, unless the parent or eligible student directs the district not to release information to these types of requestors without prior written consent. [See **Release of Student Information to Military Recruiters and Institutions of Higher Education** on page 10 for more information.]

**Parent:** Please complete the following only if you do not want your child's information released to a military recruiter or an institution of higher education without your prior consent.

I, parent of \_\_\_\_\_ (*student's name*), request that the district **not** release my child's name, address, and telephone number to a military recruiter or institutions of higher education upon their request without my prior written consent.

If you wish to review any survey instrument or instructional material used in connection with any marketing survey, please submit a request to Terry Phillips, Principal, 500 Hays Road, 893-2161. Terry Phillips will notify you of the time and place where you may review these materials. You have the right to review a survey and/or instructional materials before the survey is administered to a student.

## **NOTICES TO PARENTS**

### **Statement of Nondiscrimination**

In its efforts to promote nondiscrimination, CHS does not discriminate on the basis of race, religion, color, national origin, gender, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

The following district staff members have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex:  
Terry Phillips, Principal, 500 Hays Road, 325-893-2161
- Section 504 Coordinator, for concerns regarding discrimination on the basis of disability:

Counselor, 500 Hays Road, 325-893-2161

- All other concerns regarding discrimination:

Dr. Gail Haterius, Superintendent, 526 Shalimar, 325-893-4222

### **Asbestos Management Plan**

The district's Asbestos Management Plan, designed to be in compliance with state and federal regulations addressing asbestos, and is available in the high school office. If you have any questions, please contact Terry Phillips, Principal, 893-2161.

### **Pest Management Plan**

The district applies only pest control products that comply with state and federal guidelines. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child's school assignment area may contact Terry Phillips, Principal, 325-893-2161.

### **Additional Notices**

Other important notices in the Student Handbook cover the following topics:

- Student participation in a survey, analysis, or evaluation;
- Opting out of surveys and data collection activities;
- Requesting the professional qualifications of teachers and staff;
- Requesting a transfer of your child to a safe public school;
- Assistance to students who have learning difficulties;
- Student records;
- Bacterial meningitis;
- Career and technology programs;
- Homeless students; and
- School lunch programs.

Please take some time to review these notices and other important information contained in the Student Handbook.

# PREFACE

To Students and Parents:

Welcome to school year 2009–2010! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The CLYDE CISD Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into two sections:

**Section I—REQUIRED NOTICES AND INFORMATION FOR PARENTS**—with notices that the district must provide to all parents, as well as other information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook; and

**Section II—INFORMATION FOR STUDENTS AND PARENTS**—organized alphabetically by topic for quick access when searching for information on a specific issue.

Please be aware that the term “the student’s parent” is used to refer to the parent, legal guardian, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the Clyde CISD *Student Code of Conduct*, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found at the High School office and posted at: [www.clyde.esc14.net](http://www.clyde.esc14.net)

The Student Handbook is designed to be in harmony with board policy and the *Student Code of Conduct*. Please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters and other communications.

In case of conflict between board policy or the *Student Code of Conduct* and any provisions of the Student Handbook, the provisions of board policy or the *Student Code of Conduct* that were most recently adopted by the board are to be followed.

After reading through the entire handbook with your child, keep it as a reference during this school year. If you or your child has questions about any of the material in this handbook, please contact Terry Phillips, Principal.

Also, please complete and return to your child’s campus the following required forms included in this handbook or provided in the forms packet accompanying this handbook:

1. Parental Acknowledgment Form;
2. Student Directory Information Form;
3. Release of Information to Military Recruiters and Institutions of Higher Learning Forms; and
4. Consent/Opt-Out Forms.

[See **Obtaining Information and Protecting Student Rights** on page 3 and **Directory Information** on page 10 for more information.]

Please note that references to policy codes are included so that parents can refer to current board policy. A copy of the district's policy manual is available for review in the school office or online at [www.clyde.esc14.net](http://www.clyde.esc14.net).

## **SECTION I: REQUIRED NOTICES AND INFORMATION FOR PARENTS**

This section of the Clyde High School Student Handbook includes several notices that the district is required to provide to you, as well as other information on topics of particular interest to you as a parent.

### ***STATEMENT OF NONDISCRIMINATION***

In its efforts to promote nondiscrimination, Clyde, CISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

The following district staff members have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex:  
Terry Phillips, Principal, 500 Hays Road, 325-893-2161.
- Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Counselor, 500 Hays Road, 325-893-2161.
- All other concerns regarding discrimination: See the superintendent:  
Dr. Gail Haterius, 526 Shalimar, 325-893-4222.

### ***PARENTAL INVOLVEMENT***

#### **Working Together**

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the counselor or principal any questions you may have about the options and opportunities available to your child at 325-893-2161.

- Reviewing the requirements of the graduation programs with your child, if your child is entering ninth grade.
- Monitoring your child’s academic progress and contacting teachers as needed. [See **Academic Counseling** on page 21 and **Academic Programs** on page 15.]
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office at 325-893-2161 for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See **Report Cards/Progress Reports and Conferences** on page 40.]
- Becoming a school volunteer. For further information, see policies at GKG and contact Terry Phillips, Principal.
- Participating in campus parent organizations. Parent organizations include:  
Band Booster and Athletic Booster.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. For further information, see policies at BQA and BQB, and contact Terry Phillips, Principal.
- Serving on the School Health Advisory Council, assisting the district in ensuring local community values are reflected in health education instruction. [See policies at BDF, EHAA, FFA, and information in this handbook at **School Health Advisory Council** on page 34.]
- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

## ***PARENTAL RIGHTS***

### **Obtaining Information and Protecting Student Rights**

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.

- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF(LEGAL).]

### **“Opting Out” of Surveys and Activities**

As a parent, you have a right to receive notice of and deny permission for your child's participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing or selling that information.
- Any non-emergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

### **Displaying a Student's Artwork and Projects**

As a parent, you have a right to provide consent before the district can display your child's artwork, special projects, photographs taken by your child, and the like on the district's Web site, in printed material, by video, or by any other method of mass communication.

### **Requesting Professional Qualifications of Teachers and Staff**

You may request information regarding the professional qualifications of your child's teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

### **Reviewing Instructional Materials**

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

### **Inspecting Surveys**

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

## **Accessing Student Records**

You may review your child's student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and counselor evaluations,
- Reports of behavioral patterns, and
- State assessment instruments that have been administered to your child.

[See **Student Records** on page 8.]

## **Granting Permission to Video or Audio Record a Student**

As a parent, you may grant or deny any written request from the district to make a video or voice recording of your child. State law, however, permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a co-curricular or extracurricular activity;  
or
- When it relates to media coverage of the school.

## **Removing a Student Temporarily from the Classroom**

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.

## **Excusing a Student from Reciting the Pledges to the U.S. and Texas Flags**

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent

activity that follows. [See **Pledges of Allegiance** and **A Minute of Silence** on page 38 and policy EC(LEGAL).]

### **Excusing a Student from Reciting a Portion of the Declaration of Independence**

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity. [See policy EHBK(LEGAL).]

### **Requesting Notices of Certain Student Misconduct**

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to your child’s misconduct that may involve placement in a Disciplinary Alternative Education Program (DAEP) or expulsion. [See policy FO(LEGAL) and the *Student Code of Conduct*.]

### **Requesting Transfers for Your Child**

As a parent, you have a right:

- To request the transfer of your child to another classroom or campus if your child has been determined by the board or its designee to have been a victim of bullying as the term is defined by Education Code 25.0341. Transportation is not provided for a transfer to another campus. See the superintendent or designee for information. [See policy FDB.]

[See **Bullying** on page 16, and policy FFI(LOCAL).]

- To request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDD(LOCAL).]
- To request the transfer of your child to another campus or a neighboring district if your child has been the victim of a sexual assault by another student assigned to the same campus, whether that assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. [See policies FDD(LEGAL) and (LOCAL).]

### **Requesting Classroom Assignment for Multiple Birth Siblings**

As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade and campus, you may request that they be placed either in the same classroom or in separate classrooms. Your written request must be submitted no later than the 14th day after the enrollment of your children. [See FDB(LEGAL).]

## **OTHER IMPORTANT INFORMATION FOR PARENTS**

### **Parents of Students with Disabilities**

Parents of students with learning difficulties or who may need special education services may request an evaluation for special education at any time. For more information, see Special Programs on page 46 and contact a counselor at 325-893-2161.

### **Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education**

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students including a process based on Response to Intervention. The implementation of Response to Intervention has the potential to have a positive impact on the ability of school districts to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If the evaluation is needed, the parent will be notified and asked to provide informed written consent for the evaluation. The district must complete the evaluation and the report within 60 calendar days of the date the district receives the written consent. The district must give a copy of the report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parent of his or her rights if the parent disagrees with the district. Additionally, the notice must inform the parent how to obtain a copy of the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*.

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education is a counselor at 3285-893-2161.

### **DIFICULTADES/EDUCACIÓN ESPECIAL**

Si un niño está experimentando dificultades en el aprendizaje, el padre puede comunicarse con la persona mencionada más abajo para enterarse sobre el sistema de estudios de diagnóstico y de recomendación de la educación general del distrito para los servicios de apoyo. Este sistema conecta a los estudiantes con una variedad de opciones de apoyo. Incluyendo la recomendación para una evaluación para educación especial. Los estudiantes que tienen dificultades en el aula normal deberán ser considerados para tutorial, servicios compensatorios y otros servicios de apoyo disponibles para todos los estudiantes.

En cualquier momento, un padre tiene derecho a solicitar una evaluación para los servicios de educación especial. Dentro de un período de tiempo razonable, el distrito debe decidir si la evaluación es necesaria. Si la evaluación es necesaria, el padre será

notificado y se le pedirá ue dé consentimiento para la evaluación. El distrito debe copletar la evaluacáión y el informe dentro de los 60 días de calendario desde la fecha en que el distrito reciba el consentimiento por escrito. El distrito debe darie una copia del informe al padre.

Si el distrito deter5mina que la evaluación no es necesaria, el distrito propoicionará al padre una notificación por escrito que explica el motivo por el cual el niño no sera evaluado. Esta notificación por escrito incluirá información que le explica al padre los derechos que tiene si no está de acuerdo con el distrito. Además, la notificación debe informarle al padre la manera de obtener una copia de la Notificación de las Salvaguardas del Procedimiento – Derecho de los Padres de Estudiantes con Discapacidades.

La persona designada con quien puede comunicarse en relación a las opciones que tiene un niño que experimenta dificultades en relación a las opciones que tiene un niño que experimenta dificultades en el aprendizaje o para una recomendación para la evaluación para educación especial es: Número de teléfono 893-2161.

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. [See policy FDB(LOCAL).]

### **Services for Title I Participants**

The Parent Involvement Coordinator, who works with parents of students participating in Title I programs is a counselor and may be contacted at 325-893-2161.

### **Student Records**

Both federal and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights. For purposes of student records, an “eligible” student is one who is 18 or older OR who is attending an institution of postsecondary education.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student’s education records. Federal law requires that, as soon as a student becomes 18 or is emancipated by a court, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes.
- District staff members who have what federal law refers to as a “legitimate educational interest” in a student’s records. “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; or investigating or evaluating programs. Such persons would include school officials (such as board members, the superintendent, administrators, and principals); school staff members (such as teachers, counselors, diagnosticians, and support staff); a person or company with whom the district has contracted to provide a particular service (such as an attorney,

auditor, medical consultant, or therapist); a parent or student serving on a school committee; or a parent or student assisting a school official or staff in the performance of his or her duties.

- Various governmental agencies.
- Individuals granted access in response to a subpoena or court order.
- A school or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she subsequently enrolls.

Release to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal or superintendent is custodian of all records for currently enrolled students at the assigned school. The principal or superintendent is the custodian of all records for students who have withdrawn or graduated.

Records may be inspected by a parent or eligible student during regular school hours. If circumstances prevent inspection during these hours, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. The address of the superintendent's office is 526 Shalimar, Clyde, Texas.

The address(es) of the principals' offices are: 500 Hays Road, Clyde, Texas.

A parent (or eligible student) may inspect the student's records and request a correction if the records are considered inaccurate or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the principal or superintendent. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process found in policy FNG(LOCAL). [See **Report Cards/Progress Reports and Conferences** on page 40 and **Complaints and Concerns** on page 19 for an overview of the process.]

Copies of student records are available at a cost of ten cents per page, payable in advance. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during regular school hours, one copy of the record will be provided at no charge upon written request of the parent.

The district's policy regarding student records found at FL(LOCAL) is available from the principal's or superintendent's office or at [www.clyde.esc14.net](http://www.clyde.esc14.net).

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

**Please note:**

Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the district is not in compliance with federal law regarding student records. The complaint may be mailed to:

Family Policy Compliance Office  
U. S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5901

**Directory Information**

The law permits the district to designate certain personal information about students as “directory information.” This “directory information” will be released to anyone who follows procedures for requesting it.

However, release of a student’s directory information may be prevented by the parent or an eligible student. This objection must be made in writing to the principal within ten school days of your child’s first day of instruction for this school year. See the “Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information” included in this handbook OR included in the forms packet.

**Directory Information for School-Sponsored Purposes**

The district often needs to use student information for the following school-sponsored purposes: yearbook, sports program, honor roll, etc.

For these specific school-sponsored purposes, the district would like to use your child’s student name, address, telephone listing, electronic mail address, photograph, and date and place of birth, as well as major field of study; degrees, honors, and awards received; dates of attendance; grade level; most recent educational institution attended; participation in officially recognized activities and sports; and weight and height of members of athletic teams. This information will not be released to the public without the consent of the parent or eligible student.

Unless you object to the use of your child’s information for these limited purposes, the school will not need to ask your permission each time the district wishes to use this information for the school-sponsored purposes listed above.

**Release of Student Information to Military Recruiters and Institutions of Higher Education**

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students’ names, addresses, and telephone listings, unless parents have advised the district not to release their child’s information without prior written consent. A form has been attached for you to complete if you do not want the district to provide this information to military recruiters or institutions of higher education.

***ARMED FORCES RECRUITING POLICY***

Recruitment personnel are required to call the high school counselor in advance of making visits to the Clyde High School campus. Upon arrival at the school, all military personnel must check in at the office. Recruiters are not authorized to interrupt any class

to talk to students. Recruiters will be allowed to visit with students before school, during lunch, and after school if prior arrangements are made with the counselor. Students will not be allowed to miss academic classes for recruitment purposes – exceptions will be determined by the administration. Students visiting colleges, vocational schools, or make visits/physicals to military institutions are required to bring a note from the institution they have visited. These days are considered excused absences and count against the three days for exemptions. In all instances, a note must be brought back to the school from the institution or the student will receive an unexcused absence. Students that are required to miss school for a physical examination can be counted present for the day if they are present for at least one class period and bring a Physician's Excuse when they return to school.

## **Bacterial Meningitis**

State law specifically requires the district to provide the following information:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing, sharing drinking containers, utensils, or cigarettes).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include when there is a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85–90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us/>.

## **SECTION II: INFORMATION FOR STUDENTS AND PARENTS**

Topics in this section of the handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is conveniently organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Should you be unable to find the information on a particular topic, please contact Terry Phillips at 325-893-2161.

### ***ABSENCES/ATTENDANCE***

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day's learning on the previous day's, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws, one dealing with compulsory attendance, the other with attendance for course credit, are of special interest to students and parents. They are discussed below:

## **Compulsory Attendance**

State law requires that a student between the ages of six and 18 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student who voluntarily attends or enrolls after his or her 18th birthday is required to attend each school day until the end of the school year and is subject to compulsory attendance laws, if the student is under 21 years old. In addition, if a student 18 or older has more than five unexcused absences in a semester the district may revoke the student's enrollment. The student's presence on school property thereafter would be unauthorized and may be considered trespassing. [See FEA]

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of the reading diagnosis test.

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction (termed "accelerated instruction" by the state) assigned by a grade placement committee and basic skills for ninth graders; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:

- Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or
- Is absent on three or more days or parts of days within a four-week period.

If the student is over age 18, the student's parents shall not be subject to penalties as a result of their child's violation of state compulsory attendance law. [See FEA(LEGAL)]

## **Attendance for Credit**

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit for the class if he or she completes a plan, approved by the principal that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed a plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit, if appropriate. [See policies at FEC]

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- All absences will be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for religious holy days and documented health-care appointments will be considered days of attendance for this purpose. [See policies at FEB.]
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district. For a student transferring into the district after school begins, including a migrant student, only those absences after enrollment will be considered.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit.

The student or parent may appeal the committee's decision to the board of trustees by filing a written request with the superintendent in accordance with policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit will depend on whether the class is for a full semester or for a full year.

**A. ATTENDANCE REQUIREMENTS**

When a student must be absent from school, the student-upon returning to school-must bring a note signed by the parent, which describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted. See FEB(LOCAL)

The school requires a phone call and a note from a parent/guardian when a student is absent from school.

When returning to school after an absence, a student must bring a note to the office signed by the parent and/or doctor that describes the reason for the absence. When a student's absence for personal illness exceeds four consecutive days, the student shall present a statement from a physician verifying the illness or other condition that requires the student's extended absence from school. If the note is forgotten, the student will have two days upon returning to school to bring a note and have the absence excused or a note will be accepted before the end of the semester to excuse the absence. Notes signed by the student, even with the parent's permission, will be considered a forgery and the student will be disciplined. Notes will not be accepted after December 11, 2009 for the first semester and May 21, 2010 for the second semester. NO changes will be made after these dates.

When a student is absent from school, the parent or guardian is required to call the school to inform the school that the student will not be in attendance. Parents are asked to call by 9:00 am however, any time the day of absence is accepted. Absence calls from students will not be accepted. The High School also has a “voice mail” system. Parents can call before or after school hours and leave a message concerning their student’s absence (the call must be from a parent). Without a phone call the student will receive an unexcused absence. A phone call will be accepted before the end of the semester to excuse the absence.

### **Parent’s Note after an Absence**

When a student must be absent from school a phone call and a note are required to determine if the absence is excused. The student—upon returning to school—must bring a note, signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent’s permission, will not be accepted unless the student is 18 or older.

### **Doctor’s Note after an Absence for Illness**

Upon return to school, a student absent for more than 4 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student’s extended absence from school. [See FEC(LOCAL).]

### **Driver License Attendance Verification**

To obtain a driver license, a student between the ages of 16 and 18 must provide to the Texas Department of Public Safety a form obtained from the school verifying that the student has met the 90 percent attendance requirement for the semester preceding the date of application. The student can obtain this form at the High School office.

## ***ACADEMIC PROGRAMS***

The school counselor provides students and parents information regarding academic programs to prepare for higher education and career choices. [For more information, see page 15 of this handbook and policies at EIF.]

[See **Academic Counseling** on page 21.]

## ***AWARDS AND HONORS***

Letter jacket, letters, scholarships.

## **BAD WEATHER REPORT/SCHEDULE**

In the event that school is called off or delayed because of bad weather, school officials will notify radio station KEAN and TV station KTAB.

## **BULLYING**

Bullying occurs when a student or group of students directs written or verbal expressions or physical conduct against another student and the behavior results in harm to the student or the student's property, places a student in fear of harm to himself or his property, or is so severe that it creates an intimidating, threatening or abusive educational environment.

The board has established policies and procedures to prohibit bullying and to respond to reports of bullying. [See FFI(LOCAL).]

## **CAMPUS CARE**

Food or drinks are not allowed in the school hallways, with the exception of water. Open drinks are not allowed in lockers.

## **CAREER AND TECHNOLOGY PROGRAMS**

The district offers career and technology programs in auto mechanics, computers, career tech in criminal justice, health science careers and vocational ag. Admission to these programs is based on grade level.

Clyde CISD will take steps to ensure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

## **CLASS RANK / TOP TEN PERCENT / HIGHEST RANKING STUDENT**

Any student in the graduating class, with a total grade average of 90 or above, will be considered an honor student if he or she has met the following requirements:

1. The top two students have attended the District high school the final four semesters and have completed all course work in residence. (Correspondence work and comprehensive tests will not be accepted toward honors, but they will be accepted toward graduation.)
2. Averages of honor students will be determined from academic courses over an eight-semester period, to be accomplished in the manner described below:  
Honor graduates will be based on an eight-semester average and must include the following courses:
  - a. One unit of English IV.
  - b. Two units of mathematics above Introductory Algebra.
  - c. Two units of science above Earth Science.
3. Credits and grades of students transferring to the District from any other accredited high school will be accepted as certified by the sending school toward both graduation and honors.
4. The conduct of honor students must be acceptable and satisfactory in accordance with the stated policy of the District.
5. The honor students should maintain a cooperative attitude with administration and faculty.
6. Consideration for honors is forfeited if the student is or has been on juvenile or adult probation, or has been convicted of a misdemeanor or felony within a period of two years prior to graduation.

**HONOR STUDENTS** For two school years following his or her graduation, a district student who graduates in the top ten percent of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

Students and parents should contact the counselor at 325-893-2161 for further information about the application process and deadlines.

[For further information, see policies at EIC.]

## **CLASS SCHEDULES**

### **SCHEDULE CHANGES**

The Counselors will make all class schedule changes. Changes will be made only during the first semester and the first week of the second semester. Because of the complexities of balancing class sizes, staffing, room allocations, etc., the school reserves the right to adjust any student schedule to better meet overall needs. The master schedule of classes is determined by completed registration requests from students and is considered by the administration to be final. Changes in course requests or class assignments will not be accepted for any reasons other than:

1. Computer error
2. re-scheduling due to failures
3. re-scheduling to accommodate courses completed in summer school.

Exceptions must be authorized by the administration.

### **COLLEGE CREDIT COURSES**

Clyde High School offers courses for college credit through approved programs.

For more information please contact a counselor at 325-893-2161.

### **COMPLAINTS AND CONCERNS**

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the district has adopted a standard complaint policy at FNG(LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office or at [www.clyde.escl4.net](http://www.clyde.escl4.net).

In general, the student or parent should submit a written complaint and request a conference with the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

### **COMPUTER RESOURCES**

To prepare students for an increasingly technological society, the district has made an investment in computer technology for instructional purposes. Use of these computer resources is restricted to students working under a teacher's supervision and for approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these resources; violations of this agreement may result in withdrawal of privileges and other disciplinary action.

Students and their parents should be aware that e-mail using district computers is not private and will be monitored by district staff. [For additional information, see policies at CQ.]

# **CONDUCT**

## **Applicability of School Rules**

As required by law, the board has adopted a *Student Code of Conduct* that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the *Student Code of Conduct*. Students and parents should be familiar with the standards set out in the *Student Code of Conduct*, as well as campus and classroom rules.

To achieve the best possible learning environment for all students, the *Student Code of Conduct* and other campus rules will apply whenever the interest of the district is involved, whether on or off school grounds, in conjunction with classes and school-sponsored activities.

## **Corporal Punishment**

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the *Student Code of Conduct* and policy FO(LOCAL) in the district’s policy manual.

## **Disruptions**

As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

## **Radios, CD Players, Other Electronic Devices and Games, and Cell Phones**

Students are not permitted to possess such items as pagers, radios, CD players, tape recorders, camcorders, DVD players, cameras, electronic devices or games at school, unless prior permission has been obtained from the principal. Without such permission,

teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

For safety purposes, the district permits students to possess cell phones; however, cell phones must remain turned off during the instructional day, including during all testing. The use of cell phones during instructional time (8:00 am until 3:25 pm) is prohibited. Cell phones may be used north of the hall gates before 8:00 am and after 3:25 pm.

Any disciplinary action will be in accordance with the *Student Code of Conduct* and may include confiscation of the device. The school charges an administrative fee of \$15.00 for the release of certain telecommunications devices [See policy FNCE.]

## **Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

## **CONTAGIOUS DISEASES / CONDITIONS**

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his or her child has a contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

The school nurse or the principal's office can provide information from the Department of State Health Services regarding these diseases.

## **CORRESPONDENCE COURSES**

The district permits high school students to take correspondence courses—by mail or via the Internet—for credit toward high school graduation.

[For further information, see policies at EEJC.]

## **COUNSELING**

### **Academic Counseling**

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each spring, students in grades 8 through 11 will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and vocational opportunities.

To plan for the future, each student should work closely with the counselor in order to enroll in the high school courses that best prepare him or her for attendance at a college, university, or training school, or for pursuit of some other type of advanced education. The counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

## **Personal Counseling**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns. A student who wishes to meet with the counselor should come by the high school office and request a meeting with their counselor.

## **Psychological Exams, Tests, or Treatment**

The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

[For more information, refer to FFE(LEGAL) and FFG(EXHIBIT).]

## ***CREDIT BY EXAM—If a Student Has Taken the Course***

A student who has previously taken a course or subject—but did not receive credit for it—may, in circumstances determined by the teacher, counselor, principal, or attendance committee, be permitted to earn credit by passing an exam on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, home-schooling, correspondence courses, or independent study supervised by a teacher.

The counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

A student may not use this exam, however, to regain eligibility to participate in extracurricular activities.

[For further information, see the counselor and policies EEJA.]

## ***CREDIT BY EXAM—If a Student Has Not Taken the Course***

A student will be permitted to take an exam to earn credit for an academic course for which the student has had no prior instruction. Students must let the counselors know that they want to take the exam. Exams will be given on October 30, 2009, February 5, 2010, April 23, 2010 and June 18, 2010. These tests must be ordered by the counselor at least three weeks before the exam is given.

A student will earn credit with a passing score of at least 90 on the exam.

If a student plans to take an exam, the student (or parent) must register with the principal no later than 60 days prior to the scheduled testing date. The district will honor a request by a parent to administer a test on a date other than the published dates. If the district agrees to administer a test other than the one chosen by the district, the parent must purchase a test from a university approved by the State Board of Education. [For further information, see EEJB(LOCAL).]

## **CRIMESTOPPERS**

The Crime Stoppers program was started in 1999 with the support from the People's State Bank in Clyde. The success of the program continues with the support of First Financial Bank in Clyde and Blake Fulenwider Dodge in Clyde. The goal of fostering a safe and civil school in a positive learning environment is supported by this program. Students are encouraged to make decisions that will assist in making our school a safe place in which to learn as they follow the Student Code of Conduct. Students observing inappropriate behavior of another student can make a confidential report to the principal without fear of being revealed to the perpetrator. If a crime is solved, the reporting student will confidentially receive a monetary reward. If it is discovered that a student is reporting a possible crime or "setting up" another student out of retaliation the student will not receive a monetary reward.

## **DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION**

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect; to avoid behaviors known to be offensive; and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law. [See policy FFH]

### **Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engage in these behaviors.

### **Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that it negatively affects the student.

## **Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance. A copy of the district's policy is available in the principal's office and in the superintendent's office or at [www.clyde.esc14.net](http://www.clyde.esc14.net).

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

## **Sexual Harassment**

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Examples of prohibited sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

## **Retaliation**

Retaliation of a student occurs when a student receives threats from another student or an employee or when an employee imposes an unjustified punishment or unwarranted grade reduction. Retaliation does not include petty slights and annoyances from other students or negative comments from a teacher that are justified by a student's poor academic performance in the classroom.

Retaliation against a person, who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited.

## **Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, counselor, principal, or other district employee. The report may be made by the student's parent. See policy FFH(LOCAL) for the appropriate districts officials to whom to make a report.

## **Investigation of Report**

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated. The district

will notify the parents of any student alleged to have experienced prohibited conduct by an adult associated with the district.

In the event prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary or corrective action will be taken to address the conduct. The district may take disciplinary action even if the conduct that is the subject of the complaint was not unlawful.

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

## ***DELIVERIES***

The office will not be responsible for items brought to the office for students. It is the student's responsibility to check with the office periodically to see if items have been delivered.

## ***DISCRIMINATION***

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 23.]

## ***DISTANCE LEARNING***

### **INTERACTIVE TELEVISION WAIVER**

I understand that in an interactive television environment, including but not limited to, distance learning, virtual field trips, and video conferencing my voice, physical presence, and participation in activities will be transmitted to distance sites. I hereby agree that my voice, presence, and participation in these activities will not be a violation of my personal rights and hereby release any claims for the use of such during the duration of the interactive television activity.

## ***DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS***

### **School Materials**

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The yearbook is available to students.

All school publications are under the supervision of a teacher, sponsor, and the principal.

[See **Directory Information for School-Sponsored Purposes** on page 10.]

### **Non-school Materials...from students**

Students must obtain prior approval from the principal before posting, circulating, or distributing written materials, handbills, photographs, pictures, petitions, films, tapes,

posters, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any non-school material must include the name of the sponsoring person or organization. The decision regarding approval will be made in two school days.

The District may limit student expression in manner, place, or time by means of reasonable and equally-applied regulations. [See policies at FNAA.]

A student may appeal a principal's decision in accordance with policy FNG(LOCAL). Any student who posts non-school material without prior approval will be subject to disciplinary action in accordance with the *Student Code of Conduct*. Materials displayed without the principal's approval will be removed.

### **Non-school Materials...from others**

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policies at GKDA. To be considered for distribution, any non-school material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the Principal for prior review. The Principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA, FNG, or GF.]

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a non-curriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All non-school materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

### **DRESS AND GROOMING**

The district's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

We expect students to come to school in clothes that are clean and neat, and we expect students to exhibit basic cleanliness and grooming that will not be a health or safety threat to themselves or to other students or staff. While we understand students' desire to express themselves in their clothing and grooming styles, we do not permit students to wear clothing with pictures, emblems, or writing that is lewd, offensive, vulgar, or obscene or that advertises or depicts tobacco products, alcoholic beverages, drugs, or any

other substance that students are prohibited from having or using at school. The principal makes decisions about dress and grooming violations.

### **A. ATTIRE**

Student attire should be appropriate, decent, and non-disruptive. The school administration will determine whether a student's attire is potentially disruptive.

- 1) Wearing articles of clothing that promote gangs, alcohol, tobacco, or drugs is prohibited. Some articles of clothing or attire that has been determined to be inappropriate to the standards of this campus and are not to be worn include, but is not limited to, clothing with language, pictures, or drawings, which may be interpreted as obscene, will not be allowed. Also prohibited is clothing that is identified as gang apparel or articles of clothing that the student wears in a gang style, this includes items which may represent any association with a gang, such as gang colors or bandannas. Any clothing which administration determines is a school safety concern, either real or perceived, is also prohibited.
- 2) Immodest dress will not be allowed, which may include:
  - Strapless dresses, sundresses, see-through materials
  - Tank tops, halter-tops, fish net or spaghetti straps
  - Low cut dresses, blouses, or shirts
  - Inappropriate sleeveless shirts or mini-skirts
  - Clothing which reveals a bare midriff or undergarments (the "touchdown" rule will be used to determine if the shirt is an appropriate length).
- 3) Shirts and dresses must have material that covers the shoulder area to the edge of the shoulder at the top of the arm. Shoulder straps on shirts must be at least 3 inches wide across the shoulder.
- 4) Proper undergarments will be worn at all times and will never be exposed.
- 5) Headdress articles will not be permitted in school buildings, at any time. These include curlers, headbands, caps, hats or other head ornaments. Sunglasses (except by written permission of physician) or improper eyewear will not be permitted in any building.
- 6) Shoes must be worn at all times. Also prohibited are slippers, pool shoes and house shoes. Socks are required when appropriate.
- 7) No baggy pants. Oversized clothing is not allowed. Sagging is not permitted. Waistbands will be worn no lower than top of the hipbone. Waistbands will fit so that the garment does not "slide" down without a belt. Pant legs will not touch or drag on the floor. If pants/shorts width, "bagginess", or too-large-a-fit, gives the appearance of sagging, they are prohibited; nothing looser than a "loose fit" will be acceptable.
- 8) Belts are required as needed.
- 9) No trench coats.
- 10) Pants with holes or slashes are not to be worn.
- 11) Bandanas are not permitted; this includes any headdress article.
- 12) No tank tops, muscle shirts, cutaway sweatshirts, etc.
- 13) Unusual or non-traditional jewelry will not be permitted. This includes but is not limited to heavy chains, spikes, and chokers.

- 14) Unusual or non-traditional jewelry includes nose wear such as rings or studs, tongue rings or studs, or other body piercing jewelry of any kind, exposed or covered is prohibited, with the exception of pierced earrings for female students.
- 15) Male students may not wear earrings or other body piercing. This includes clip earrings, pierced earrings or studs, or any item used as a post in a pierced ear such as broom straws, pieces of plastic, etc. No gages in earlobes.
- 16) Shorts must be hemmed. Shorts cannot be gym shorts, athletic shorts, spandex, wind shorts, cutoffs or plastic. Skin-tight fitting material is not permitted.
- 17) All garments must meet minimum length requirements. An acceptable guideline for skirt or short length should be no more than 5 inches from the bottom of the knee. If a question arises, this will be checked by having the student place his/her knee in a chair and measure from the chair to where the skirt or short starts or the upper most part of any slit in the skirt/short.
- 18) Exposed tattoos and insignias are forbidden.
- 19) Chains on wallets will not be allowed for safety purposes.
- 20) No pajama pants.
- 21) The campus administrator has the discretion to make exceptions to the dress code for special events such as pep rallies, spirit days, etc.

## **B. GROOMING**

Cleanliness and proper grooming are necessary for students to project a positive image, and personal appearance affects behavior. Because of the importance of appearance, CCISD has established these guidelines to be followed:

- 1) There are many acceptable hairstyles, so long as they are not extreme. If dyes, tints, or bleaches are used, the resulting color must look like natural human hair. The hair on top of the head must be neatly groomed.
- 2) Unusual hairstyles considered to be disruptive will not be permitted. This includes excessive hair coloring, style, length, and/or fad haircuts. The young men of Clyde CISD will ensure that the hair when combed will not fall over the ears or eyebrows or touch the collar except for the closely cut hair at the back of the neck. Sideburns must be neatly trimmed. The base will not be flared, nor will it extend below the lowest part of the exterior ear. The bottom will be a clean-shaven horizontal line. The young men of Clyde CISD will not have ponytails, rat-tails or hair tails. Design hair writing is prohibited. There will be no irregular areas above the bottom of the ear on hairstyles. Notching of the eyebrows is not permitted. All styles considered to be potentially disruptive cannot be listed; therefore the school administration will determine whether a particular style is to be considered disruptive and inappropriate.
- 3) Beards, goatees, excessive sideburns or other inappropriate facial hair are not permitted. The face is to be clean-shaven.

- 4) Unusual facial make-up or adornments that may be considered to be a possible disruption will not be allowed. Male students will not be allowed to wear facial makeup or fingernail polish.

If your child comes to school wearing clothes that violate the dress code or in any other way violates our dress and grooming standards, she or he will be placed in In-School-Suspension until she or he is in compliance. We will make efforts to notify you as soon as possible, and if the student changes clothes or otherwise comes into compliance with the dress and grooming standards, she or he will return to regular classes immediately.

## **EXEMPTIONS**

Junior and senior students may be exempt from exams if they have at least an 80 average for that class and three or fewer absences in that class per semester. Students will not be allowed to be exempt if they have an unexcused absence in that class. Students have until December 12, 2008, 3:30 pm in the first semester and May 22, 2008, 3:30 pm in the second semester to reverse an unexcused absence.

Sophomore students may be exempt from core subject exams in the Spring only. The exemption is based on the students passing their TAKS Test and if they have at least an 80 average for that class and three or fewer absences in that class.

**Example:** If a student passes the English TAKS Test and has an 80 or higher and three or less absences – the student is exempt from his English test.

If a student has an unexcused absence, the student must be in the classroom for that exam time– there are no exceptions to this rule.

## **EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS**

Participation in school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Eligibility for participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. The following requirements apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an advanced placement or international baccalaureate course; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or a foreign language—may not participate in extracurricular activities for at least three school weeks.
- A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse.
- The District shall make no distinction between absences for UIL activities and absences for other extra-curricular activities approved by the Board. A student shall

be allowed a maximum of 15 absences for extra-curricular activities, including post-district competition. In addition, a student who has incurred all of these absences shall be permitted two absences for state championship competition only.

- An absence for participation in an activity that has not been approved will receive an unexcused absence.

**Please note:** Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the *Student Code of Conduct* or by local policy will apply in addition to any consequences specified by the organization’s standards of behavior.[For further information, see policies at FM and FO.]

## ***FEES***

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles** on page 48.]

- A fee not to exceed \$50 for costs of providing an educational program outside of regular school hours for a student who has lost credit because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the Principal. [For further information, see policies at FP.]

## **FUND-RAISING**

Fund-raising activities by student groups and/or for school-sponsored projects shall be allowed, with prior administration approval and under the supervision of the project sponsor, for students in all grades. All fund-raising projects shall be subject to the approval of the principal or assistant principal. Student participation in approved fund-raising activities shall not interfere with the regular instructional program. [See EC] Funds raised shall be received, deposited, and disbursed in accordance with CFD(LOCAL).

For further information, see policies at FJ and GE.

## **GRADE CLASSIFICATION**

After the ninth grade, students are classified according to the number of credits earned toward graduation.

| Credits Earned | Classification       |
|----------------|----------------------|
| 6.5            | Grade 10 (Sophomore) |
| 13             | Grade 11 (Junior)    |
| 18.5           | Grade 12 (Senior)    |

## **GRADING GUIDELINES**

In grades 9 - 12, achievement is reported to parents as: three week reports and report cards at the end of each 6 weeks.

## **GRADUATION**

### **Requirements for a Diploma**

To receive a high school diploma from the district, a student must successfully complete the required number of credits and pass a statewide exit-level exam.

The exit-level test, required for students in grade 11, covers English language arts, mathematics, science, and social studies and requires knowledge of Algebra I, Geometry, Biology, Integrated Chemistry and Physics, English III, and early American and United States History, World History, and World Geography. A student who does not pass the exit-level assessment will have additional opportunities to take the test.

### **Graduation Programs**

The district offers the graduation programs listed below. All students entering grade 9 are required to enroll in the Recommended High School Program or

Advanced/Distinguished Achievement Program. Permission to enroll in the Minimum Graduation Program will be granted only if an agreement is reached among the student, the student's parent or person standing in parental relation, and the counselor or appropriate administrator. [See policy EIF(LEGAL).]

Students who entered the ninth grade during the 2005–2006 school year must meet the following credit requirements for graduation:

- Minimum Program 24 credits
- Recommended Program 24 credits
- Advanced/Distinguished Achievement Program 24 credits

Students who entered the ninth grade during the 2006–2007 school year must meet the following credit requirements for graduation:

- Minimum Program 24 credits
- Recommended Program 24 credits
- Advanced/Distinguished Achievement Program 24 credits

Beginning with the 2007–2008 school year, a student entering the ninth grade must meet the following credit requirements for graduation:

- Minimum Program 24 credits
- Recommended Program 26 credits
- Advanced/Distinguished Achievement Program 26 credits

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or career and technology, the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

### **Certificates of Coursework Completion**

A certificate of coursework completion will be issued to a senior student who successfully completes state and local credit requirements for graduation but fails to perform satisfactorily on the exit-level tests.

### **Students with Disabilities**

Upon the recommendation of the admission, review, and dismissal committee, a student with disabilities may be permitted to graduate under the provisions of his or her individualized education program (IEP).

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See FMH(LEGAL)]

## **Graduation Activities**

Graduation activities will include:

- Graduation practice
- Graduation Ceremony

## **Graduation Speakers**

Graduating students will be given an opportunity to provide opening and closing remarks during the graduation ceremony. Only those students who are selected by administrative staff will be eligible to give these remarks; however, if the student was assigned to disciplinary placement at any time during the spring semester, he or she will not be eligible to speak at graduation.

Students eligible to give the opening and closing remarks will be notified by the principal/counselor and given an opportunity to volunteer. In the event there are more eligible students volunteering than there are speaking roles at the graduation ceremony, the names of all eligible students who volunteered shall be randomly drawn. The student whose name is drawn first will give the opening remarks and the student whose name is drawn second will give the closing remarks.

In addition to the opening and closing remarks, the Valedictorian and Salutatorian may also have speaking roles at the graduation ceremony.

[See FNA(LOCAL).]

## **Graduation Expenses**

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Fees** on page 30.]

## **State Scholarships and Grants**

- Under the Texas Early High School Graduation Scholarship Program, students who complete the Recommended or Advanced/Distinguished Achievement High School Program may earn financial credits in varying amounts to apply toward college tuition. The amounts depend on the number of consecutive months in which the student completed graduation requirements and the number of early college credits earned and may be used at public or private higher education institutions within the state. The counselor can provide additional information about meeting the program's eligibility requirements.
- Students who have a financial need according to federal criteria and who complete the Recommended High School Program or Advanced/Distinguished Achievement Program may be eligible under the T.E.X.A.S. Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to

private institutions. [For further information, see the principal or counselor and policy EJ(LEGAL).]

## **HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 23.]

## **HEALTH-RELATED MATTERS**

During the preceding school year, the district's School Health Advisory Council held two meetings; October 2, 2007 and February 19, 2008. [See also policies at BDF and EHAA.]

### **School Health Advisory Council**

The Board shall establish a local school health advisory council to assist the District in ensuring that local community values and health issues are reflected in the District's health education instruction. The Board shall appoint members to the council, a majority of which must be parents of students enrolled in the District and who are not employed by the District. The Board may also appoint one or more public school teachers, public school administrators, District students, health-care professionals, members of the business community, law enforcement representatives, senior citizens, clergy, representatives of nonprofit health organizations, or representatives of another group. [See EHAA] [See also policies at BDF and EHAA.]

### **Physical Fitness Assessment**

Annually, the district will conduct a physical fitness assessment of students in grades 3–12. At the end of the school year, a parent will receive with the student's final report card the results of his or her child's physical fitness assessment conducted during the school year.

### **Vending Machines**

The district has adopted policies and implemented procedures to comply with state and federal food service guidelines for restricting student access to vending machines. For more information regarding these policies and guidelines see the High School Assistant Principal. [See policies at CO and FFA.]

## **Other Health-Related Matters**

### **Tobacco Prohibited**

The district and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property and at school-sponsored and school-related activities. [See the *Student Code of Conduct* and policies at FNCD and GKA.]

### **Asbestos Management Plan**

The district's Asbestos Management Plan, designed to be in compliance with state and federal regulations, is available in the High School office. If you have any questions, please contact the Principal at 325-893-2161.

## **Pest Management Plan**

The district applies only pest control products that comply with state and federal guidelines. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child's school assignment area may contact the Principal at 325-893-2161.

## **HOMELESS STUDENTS**

For more information on services for homeless students, contact the district's Liaison for Homeless Children and Youths, Tracy Yandell, at 505 Hays Road, 325-893-2815.

## **IMMUNIZATION**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://webds.dshs.state.tx.us/immco/affidavit.shtm>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, rubeola (measles), rubella (German measles), mumps, tetanus, pertussis, poliomyelitis (polio), hepatitis A, hepatitis B, and varicella (chicken pox). The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the Department of State Health Services. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition. [For further information, see policy FFAB(LEGAL) and the Department of State Health Services Web site: <http://www.dshs.state.tx.us/immunize/school/default.shtm>.]

## **LAW ENFORCEMENT AGENCIES**

### **Questioning of Students**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

### **New Driving Laws**

Drivers younger than 18 are banned from using cell phones while driving(dialing, talking, texting).

The use of a wireless device within a reduced-speed school zone is prohibited.

### **Students Taken Into Custody**

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student’s physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer’s identity and, to the best of his or her ability, will verify the official’s authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student’s release to a law enforcement officer, any notification will most likely be after the fact.

### **Notification of Law Violations**

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or

was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

[For further information, see policy GRA(LEGAL).]

## ***MAKEUP WORK***

### **Routine and In-depth Makeup Work Assignments**

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. [For further information, see policy EIAB(LOCAL).]

A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

### **DAEP or In-school Suspension Makeup Work**

A student removed to a Disciplinary Alternative Education Program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, coursework needed to fulfill the student's high school graduation requirements. The district may provide the opportunity to complete the coursework through an alternative method, including a correspondence course, distance learning, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, distance learning, or summer school. [See policy FEA(LEGAL).]

Students and their parents are encouraged to discuss options with the teacher or counselor to ensure the student completes all work required for the course or grade level.

## ***MEDICINE AT SCHOOL***

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policies at FFAC, may administer:
  - Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
  - Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
  - Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
  - Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.
- In certain emergency situations, the district will maintain and administer to a student nonprescription medication, but only:
  - In accordance with the guidelines developed with the district's medical advisor; and
  - When the parent has previously provided written consent to emergency treatment on the district's form.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

## **Psychotropic Drugs**

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policies at FFAC.]

## ***NONTRADITIONAL ACADEMIC PROGRAMS***

[See **Requirements for a Diploma** on page 31.]

### ***PARKING POLICY***

Student parking will be limited to Clyde High School students who have a valid driver's license and proof of liability insurance. Students driving cars to school are expected to practice courteous and safe driving habits around school. Texas State Law has established a speed limit of 20 MPH on school property. Excessive speeds on or around school grounds is prohibited. Traffic violations will be subject to punishment by law.

Students wanting to park their vehicle in the student parking lot must register in the High School Office and purchase a parking pass for \$5.00. Vehicles parked in the student parking lot without a permit are subject to be towed away at the owner's expense. The school district assumes no responsibility for any damages to vehicles while on the school campus.

Students will park only in designated student parking areas. Students parking at the Intermediate School will be towed.

### ***PHYSICAL EXAMINATIONS / HEALTH SCREENINGS***

A student desiring to participate in the UIL athletic program shall submit a statement from a health care provider authorized under UIL rules indicating that the student has been examined and is physically able to participate in the athletic program. This examination is required in the first year of middle school competition and the first and third years of high school competition. In other years, the student shall complete a medical appraisal form. A student may be required to have a physical examination based on answers to the appraisal form.

The District may provide additional screening as District and community resources permit.

### ***PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE***

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

One minute of silence will follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. [See policy EC(LEGAL) for more information.]

### ***PRAYER***

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

## **PROMOTION AND RETENTION**

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

Promotion and course credit shall be based on mastery of the curriculum. Expectations and standards for promotion shall be established for each grade level, content area, and course and shall be coordinated with compensatory/accelerated services.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the Texas Assessment of Knowledge and Skills (TAKS), if the student is enrolled in a public Texas school on any day between January 1 and April 15 and is a Texas resident during the week that the TAKS is administered the first time.

- In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

Parents of a student in grade 8 who does not perform satisfactorily on his or her exams will be notified that their child will participate in special instructional programs designed to improve performance. Such students will have two additional opportunities to take the test. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policies at EIE.]

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, counselor, or special education director.

A Personal Graduation Plan (PGP) will be prepared for any student in a middle school or beyond who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a guidance counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student's educational goals, address the parent's educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the counselor principal and policy EIF(LEGAL).]

## **RELEASE OF STUDENTS FROM SCHOOL**

Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time.

A student who will need to leave school during the day must bring a note or the office receive a phone call from his or her parent that morning and follow the campus sign-out procedures before leaving the campus. Otherwise, a student will not be released from school at times other than at the end of the school day. Unless the principal or

superintendent has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

**If a student becomes ill during the school day, the student should receive permission from the teacher before reporting to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student's parent.**

## **REPORT CARDS / PROGRESS REPORTS AND CONFERENCES**

Report cards with each student's grades or performance and absences in each class or subject are issued to parents at least once every 6 weeks.

At the end of the first three weeks of a grading period, parents will be given a written progress report. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent may request to schedule a conference with the teacher of that class or subject. [See **Working Together** on page 2 for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal or superintendent and are designed to reflect each student's academic achievement for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL).]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

## **RETALIATION**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 23.]

## **SAFETY**

Student safety on campus and at school-related events is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this handbook and the ***Student Code of Conduct***, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

## **Accident Insurance**

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

## **Drills: Fire, Tornado, and Other Emergencies**

From time to time, students, teachers, and other district employees will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

### **Fire Drill Bells**

|         |                          |
|---------|--------------------------|
| 3 bells | leave the building       |
| 1 bell  | halt; stand at attention |
| 2 bells | return to the classroom  |

### **Tornado Drill Bells**

|                   |  |
|-------------------|--|
| 1 continuous bell | move quietly but quickly to the designated locations |
| 2 bells           | return to the classroom                              |

## **Emergency Medical Treatment and Information**

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school would need to have written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

## **Emergency School-Closing Information**

Information will be carried to the public on local television and radio stations.

## ***SAT, ACT, AND OTHER STANDARDIZED TESTS***

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year. (Prior to enrollment in a Texas public college or university, most students must take a standardized test, such as the Texas Higher Education Assessment [THEA]).

## **SCHEDULES**

### **REGULAR SCHEDULE**

|                        |        |       |

## **SCHOOL FACILITIES**

### **Use by Students Before and After School**

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The following areas are open to students before school, beginning at 7:30 am.

- cafeteria

Unless the teacher or sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, and unless involved in an activity under the supervision of a teacher, students must leave campus immediately.

## **Conduct Before and After School**

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the *Student Code of Conduct* or any stricter standards of behavior established by the sponsor for extracurricular participants.

## **Use of Hallways during Class Time**

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the *Student Code of Conduct*.

## **Cafeteria Services**

The district participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. Free and reduced-price lunches are available based on financial need. Information about a student's participation is confidential. Contact Clyde High School cafeteria at 325-893-2398 to apply.

The district follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day. [For more information, see policy CO(LEGAL).]

## **Library**

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for independent student use during the following times with a teacher permit:

8:00 – 3:30 Monday through Friday

## **Meetings of Non-curriculum-Related Groups**

Student-organized, student-led non-curriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal's office.

## **SEARCHES**

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

## **Students' Desks and Lockers**

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others. **Students may provide their own lock but must provide the office with a key or the combination**

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

### **Vehicles on Campus**

Vehicles parked on school property are under the jurisdiction of the school. School officials may search any vehicle any time there is reasonable cause to do so, with or without the permission of the student. A student has full responsibility for the security and content of his or her vehicle and must make certain that it is locked and that the keys are not given to others. [See also the *Student Code of Conduct*.]

### **Trained Dogs**

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

### **Metal Detectors**

[For further information, see policy FNF(LOCAL).]

### **Drug-Testing**

[For further information, see policy FNF(LOCAL). Also, see **Steroids**, on page 45.]

## **DRUGS OR ALCOHOL USE**

Any student found in possession of, or under the influence of marijuana, any narcotic, hallucinatory, hypnotic, or any chemical, alcohol, or stimulant not prescribed by a licensed physician may be suspended or expelled in accordance with policy FOD.

State law requires that any medication sent to school with a student must have a note from the parent accompanying the medication stating what the medication is, why and when it is to be taken. Any prescription drug or over-the-counter drug must be in the original container and properly labeled. All medications are to be kept in the Nurse's office. Please see section on MEDICINE AT SCHOOL.

No student shall possess, use, transmit, or attempt to possess, use, or transmit, or be under the influence of any of the following substances on school premises during any school term or off school premises at a school-related activity, function, or event:

- 1) Any controlled substance or dangerous drug as defined by law, without regard to amount, including but not limited to marijuana, any narcotic drug, hallucinogen, stimulant, depressant, amphetamine, or barbiturate.
- 2) Alcohol or any alcohol beverage.
- 3) Abusive use of glue, aerosol paint, or any other chemical substance for inhalation.
- 4) Any other intoxicant, or mood-changing, mind-altering, or behavior-altering drugs prohibited under the Texas Controlled Substance Act or Federal Drug Abuse Prevention Control Act.

“Use” means a student has smoked, ingested, injected, imbibed, inhaled, drunk, or otherwise taken internally a prohibited substance recently enough that it is detectable by the student’s physical appearance, actions, breath, or speech.

“Under the influence” means a student’s faculties are noticeably impaired, but the student need not be legally intoxicated.

The transmittal, sale, or attempted sale of what is represented to be any of the above-listed substances is also prohibited under this rule.

Any individual needing assistance with a substance abuse program can call toll-free 1-800-444-9999.

## **SKATEBOARDS**

Skateboards are not allowed on school property or at school sponsored activities. If a student is found to be in possession of a skateboard it will be removed from possession and will be returned to the student’s parent.

## **SPANISH TRANSLATION**

If you need something translated in Spanish, please contact the office of the Principal.

Si usted necesita algo traducido al Español, por favor ponerse en contacto con la oficina del Director

## **SPECIAL PROGRAMS**

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency, dyslexic students, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the

district or by other organizations. A student or parent with questions about these programs should contact the High School Principal or Counselor.

## **STEROIDS**

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Students participating in UIL athletic competition may be subject to random steroid testing. More information on the UIL testing program may be found on the UIL Web site at [http://www.uil.utexas.edu/athletics/health/steroid\\_information.html](http://www.uil.utexas.edu/athletics/health/steroid_information.html).

## **TAKS (TEXAS ASSESSMENT OF KNOWLEDGE AND SKILLS)**

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated tests (such as TAKS: the Texas Assessment of Knowledge and Skills).

- October 21 – English Exit Level Re-test Grade 12
- October 22 - Math Exit Level Re-test Grade 12
- October 23 – Science Exit Level Re-test Grade 12

- March 3 – Reading Grade 9  
ELA Grade 10  
Exit Level ELA Grade 11
- April 28 - Mathematics Grade 10
- April 29 – Mathematics Exit Level Grade 11
- April 30 – Science Exit Level Grade 11  
Science Grade 10  
Mathematics Grade 9
- May 1 – Social Studies Exit Level Grade 11  
Social Studies Grade 10

[See policy EKB(LEGAL).]

## **TARDINESS**

A student who is tardy more than 3 times will be assigned to lunch detention. Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the *Student Code of Conduct*.

## **TELEPHONE/MESSAGES**

**The Clyde High School office phones are considered business phones and are busy on a regular basis.** Students wishing to use the phone are to use the pay phone located in the cafeteria entry. Using the phone during class time is prohibited. Student should take care to have phone money with them. The school office will not be providing money or change for the use of the pay phone as there is a change machine located in the vending area. Students receiving messages will be contacted at the end of class if possible, considering time of day, schedule, and other important activities.

**No messages will be taken for students unless it is from a parent or legal guardian.** Classes will not be interrupted except with administration approval. **Parents are not to request their student be summoned to the office to talk on the phone – office personnel will deliver the message to the student (Exception: emergency – with information given to the office personnel or principal).**

## **TEXTBOOKS**

State-approved textbooks are provided to students free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. A student who is issued a damaged book should report the damage to the teacher. Any student failing to return a book issued by the school loses the right to free textbooks until the book is returned or paid for by the parent; however, the student will be provided textbooks for use at school during the school day.

## **TRANSFERS**

The Superintendent is authorized to accept or reject any transfer requests, provided that such action is without regard to race, religion, color, sex, disability, national origin, or ancestral language. A resident student who becomes a nonresident during the course of a semester shall be permitted to continue in attendance for the remainder of the semester. A nonresident student wishing to transfer into the District shall file an application for transfer each school year with the Superintendent or designee. Transfers shall be granted for one regular school year at a time. In approving transfers, the Superintendent or designee shall consider availability of space and instructional staff and the student's disciplinary history and attendance records. A transfer student shall be notified in the written transfer agreement that he or she must follow all rules and regulations of the District, including those for student conduct and attendance, and that violation of the District's rules and regulations may result in revocation of the transfer agreement. The effective date of the revocation will be set in accordance with the written transfer agreement. Written notification of any transfer revocation shall be sent to the school district of residence.

[See **Parental Rights**, on page 3, and **Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education**, on page 7, for other transfer options.]

## **TRANSPORTATION**

### **School-Sponsored Trips**

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an

exception if the parent makes a written request that the student be released to the parent or to another adult designated by the parent.

## **Buses and Other School Vehicles**

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact Ted Merryman at 325-893-3225.

See the *Student Code of Conduct* for provisions regarding transportation to the Disciplinary Alternative Education Program (DAEP).

Students are expected to assist district staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in district vehicles, students are held to behavioral standards established in this handbook and the *Student Code of Conduct*. Students must:

- Follow the driver's directions at all times.
- Enter and leave the bus or van in an orderly manner at the designated stop nearest home.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the bus, van, or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus or van.
- Not possess or use any form of tobacco on school buses.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts.
- Wait for the driver's signal upon leaving the bus or van and before crossing in front of the vehicle.

Misconduct will be punished in accordance with the *Student Code of Conduct*; bus-riding privileges may be suspended.

## **VANDALISM**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the *Student Code of Conduct*.

## **VIDEO CAMERAS**

For safety purposes, video/audio equipment may be used to monitor student behavior on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video/audio recordings routinely and document student misconduct. Discipline will be in accordance with the *Student Code of Conduct*.

## **VISITORS TO THE SCHOOL**

### **General Visitors**

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the principal's office and must comply with all applicable district policies and procedures.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment.

Clyde High School has a closed campus during the lunch time. Only a parent or guardian may visit the campus at this time.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

### **Visitors Participating in Special Programs for Students**

On High School Career Day, the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

## **WITHDRAWING FROM SCHOOL**

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature.

## GLOSSARY

**Accelerated instruction** is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level.

**ACT** refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

**Alternative assessment instrument**, developed by the state, may be given to students in special education and students identified as limited English proficient.

**ARD** is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student's parents are part of the committee.

**Attendance Review Committee** is sometimes responsible for reviewing a student's absences when the student's attendance drops below 90 percent of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit lost because of absences.

**DAEP** stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the *Student Code of Conduct*. Students in the DAEP will be separated from students not assigned to the program. The DAEP will focus instruction on English language arts, mathematics, science, history, and self-discipline, and provide for students' educational and behavior needs, as well as supervision and counseling.

**FERPA** refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 or older directs the school not to release directory information.

**IEP** is the written record of the Individualized Education Program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; modifications to state or districtwide tests, etc.

**ISS** refers to in-school suspension, a disciplinary technique for misconduct found in the *Student Code of Conduct*. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

**NCLB Act** is the federal No Child Left Behind Act of 2001.

**Personal Graduation Plan (PGP)** is recommended for all students entering grade 9 and is required by state law for any student in middle school or higher who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

**SAT** refers to one of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

**Section 504** is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined by an ARD committee to be eligible for special education services, appropriate regular educational services will be provided.

**State-mandated tests** are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the grade 11 exit-level test is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.

**Student Code of Conduct** is developed with the advice of the district-level committee and adopted by the board; identifies the circumstances, consistent with law, when a student may be removed from the classroom or campus. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion, and states whether self-defense is a consideration in suspension, DAEP placement, or expulsion. The *Student Code of Conduct* also addresses notice to the parent regarding a student's violation of one of its provisions.

**TAKS** is short for the Texas Assessment of Knowledge and Skills, the state's standardized achievement test currently given to students in certain subjects in grades 3–11.

**UIL** refers to the University Interscholastic League, the statewide voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.

**APPENDIX II:  
Use of Student Work in District Publications**

Occasionally, the Clyde CISD wishes to display or publish student artwork or special projects on the district's Web site and in district publications. The district agrees to only use these student projects in this manner.
