

Chromebook Usage Fee Information 2023-2024

Clyde CISD will self-insure and provide full coverage of a Chromebook for the cost of **\$25.00** for the upcoming school year. This coverage will offset the cost to repair or replace the school’s Chromebook for **one incident**, either lost or stolen and is non-refundable. Replacement Chromebooks will require an additional Chromebook Usage Fee. This Usage Fee will cover one incident of damage with each subsequent incident being charged to the student at the cost of parts to Clyde CISD.

Each student will be provided with a school-issued mobile device for instructional use. Students and their parents/guardians are held personally and monetarily responsible for any loss or damage caused by intentional vandalism or negligence concerning assigned district Chromebooks or other electronic devices. The usage fee will cover a single incident of accidental damage as well as stolen devices with an official police report. The usage fee does not cover **malicious acts, intentional damage, or negligence**. *Negligence is defined as a failure to take proper care of the Chromebook including leaving the Chromebook unattended or unsecured.* **The Usage Fee does not cover the damage or loss of the Chromebook storage bag or charger.**

Please provide cash or make checks payable to **Clyde CISD** for **\$25.00** and write “Chromebook Usage Fee” and the student’s ID in the memo line. An online payment option may be available. Please hand the check as well as this signed form to the administrative assistant in the main office or librarian at your child’s campus. If paying with cash, please request a receipt at the time of payment. If you will be digitally signing the Usage Fee form online, this physical form is not necessary.

A Chromebook will not be issued to students with missing technological devices, outstanding fees, or fines. All outstanding fees and fines must be resolved before a Chromebook will be issued. As per TEC, Sec. 31.10b(d), a school district (LEA) can withhold records of students when technological equipment is not returned in acceptable condition or paid for by the student.
