TECHNOLOGY DAMAGE OR LOSS AGREEMENT

I (we) accept the same financial responsibility for the Chromebooks as I do for the textbooks my student checks out. This includes the cost of replacing a lost, stolen, accidentally or intentionally damaged device.

● **Accidental Damage** – If a device is accidentally damaged, please have your student take the Chromebook to the campus library and report any damage to the librarian. The Information Technology Department will make repairs to the device and the student will be charged for the parts needed to bring the device back to its original condition. Some campuses may offer a Chromebook usage fee which will cover one accidental damage incident.

● **Intentional Damage** – Full price of repair or replacement will be the responsibility of the parent/guardian and a meeting with an administrator will be required before a device will be reissued. Consequences may be issued per the Student Code of Conduct.

● **Lost/Stolen Device** – A fee of \$225.00 will be collected for a lost or stolen device and a parent/guardian meeting with an administrator will be required. In the case of a lost or stolen Chromebook, an official police report will need to be filed by the student or parent and submitted to the campus office.

I have read and understand the “Student Chromebook Handbook” and that all Chromebook computers, electronic devices, equipment and/or accessories the Clyde CISD District has provided to my student are the property of Clyde CISD. I agree to return the equipment, assigned to me, to the District in the same condition in which it was provided to my student (excluding normal wear and tear) upon my departure from the District. I understand that I am personally and monetarily responsible for any damage to or loss of any Chromebook computer, electronic devices and/or related equipment and accessories assigned to my child due to intentional vandalism or negligence.
